

Greetings Family & Friends,

Suzan and I certainly trust that you and your family are already enjoying God's best in this new year. As we spent time seeking the Lord and what He has for us and our ministry in this new year we both have a great sense of expectation. In conversation with other friends and fellow believers we have heard many confirming comments from them regarding this same sense of expectation in what God wants to do (or is going to do) this coming year. In this month's newsletter we just want to share with you some of the things that have already taken place and what others have said about what they feel that God will do in this year.

God Bless you!

Your fiends,

Mickey & Suzan

A change is on the way!

Whew! It is over! The year 2017 was quite a year! For people all over the world it was a year full of confusion, stress, questions, division, violence and fear.

The good news is, we have heard various prophecies concerning 2018 all saying basically the same thing; A change is on the way!

Listen to what various men and women of God

have heard: "There is such a huge change taking place. Where there has been confusion and questions, there is going to be great peace and confidence as we devour His Word! Where there has been doubt and negatives, the shield of faith of God's love is increasing. We will see the rise in joy and we will soar above the circumstances!"

"It is the year of new beginnings. It is the year of

zoe life [the God quality of life].

"Friends, take courage, hold onto your hope. Your triumph is about to unfold and you will see an incredible demonstration of the faithfulness of God."

"Schedules will be interrupted to take in divine appointments where God will use His people to demonstrate the depth of His love for others.

CHRISTIAN SEEKING IDENTITY

We are going to experience tangibly a greater love of God flowing through us to others than ever before.”

“We are going to see things operate in a new dimension. We will be more connected to what is happening in the spiritual realm than in the natural realm. Christians will be more involved with one on one relationship building. God is making a way for people where there was no way.”

“The trump of God - Trump will be a mouthpiece for God who will do major things that will bring much unity to this divided nation.”

Not only that, His December 6 declaration of Jerusalem as Israel’s capital has already initiated a significant event. For the first time in 2,738 years the two sectors of Israel (Judah and Israel) have become united, and this will have a major effect on the whole world! There is a big move of God that is going to take place in Israel. Their blind eyes will be opened. People there will come to know the true God.”

When you look all of this, 2018 is going to be an eye opening year as people everywhere begin to get a revelation of

their true identity. According to Hebrew numerology, the number 18 means giving the gift of life. Things are going to happen. Things are going to change. Our lights are going to shine like they have never shone before and people everywhere are going to run to the light.
