

# Christian Seeking Indentity

A Ministry of Alpha & Omega International Ministries

November/December 2016

Greetings Family & Friends, Suzan and I certainly trust in the Lord that you and your families have been "Blessed of the Lord" in your lives. And that your Thanksgiving Day was one where you were able to be with family and friends reflecting on all that you are thankful for. Suzan and I are continually amazed that God has given us the privilege to meet and minister to the most amazing people all over the world. The last three months since we returned from Argentina and Colombia have been full of God stories.

*(We traveled to San Jose Costa Rica where we did a three day Identity in Christ conference.)*

It is exciting to see how God brings everything around in its time. One of the original couples that we began working with in Costa Rica in 2008 had been attending the church where the conference was held for years and the pastorship was recently turned over to him. He invited us to share the same things with the church

that we shared with his family eight years ago because it had so impacted his life. We were also able to go into a new area of Costa Rica on the Gulf coast called Suretka de Talamanca. This is an area close to the Panama border that is home to the BriBri Indigenous tribe. It was such a blessing for us because it is just the beginning of the good things that are to come among those people. Several of the Charis Bible School teams will be ministering in the same area after the first of the year. We returned home for seven days and then left for...(St. Petersburg, Russia where we ministered in the Grace and Faith Leadership Conference and also in the Charis Bible College. )

Over the years we have come to know and love the people in Russia and it is always like going to a family reunion.

From there we traveled 26 hours by train to the cities of Kazan, Chelney and

Chebocksary where we ministered in the extension schools that have been established. We also spent two full days on two separate weekends just praying and ministering to individuals and we traveled to two new villages and ministered in home meetings. We worked with old friends and made new friends. One woman that we prayed for was healed of stomach cancer. We received a call a week after our encounter with her. She had gone back to the doctor for an exam and the doctor himself proclaimed her healed. PTL People always ask us, Where is your favorite place in the entire world to go? We know the best people in the world. Picking a favorite place would be like choosing which of your children you love the most. On a lighter note, every time we go to Russia we tell ourselves that we need to bring a heavier coat! Baby, it's cold outside and the weather outside is frightful!

Our next stop was in Belfast, Ireland where Suzan was one of the speakers in a Women's Day Conference.

The event was well attended and everyone including Suzan was blessed as she shared and ministered to the ladies that attended.

*(Our time with Allan was exquisite)*

From Belfast we traveled to Dewsberry, and Walsall England where we ministered in Charis Bible Colleges and in a local church.

We returned home and ended our year by driving to and ministering in the CBC schools in Greenville,SC and Augusta and Atlanta, GA and finally in Birmingham,AL. It was an awesome and blessed time for us teaching and ministering to the students. We thank God for the opportunities that He makes available for us to minister and we want to say, "Thank You" for helping us to "GO" into all nations and fulfill God's plan to build His Kingdom. We pray God's continued blessings upon you and your family. As we end this year and seek God for what He has for us in 2017 we covet your prayers for His leading and guidance.

From our Family to Yours, we want to wish you a Very Merry Christmas and a Blessed, Joyous and Prosperous New Year!!!

*God Bless you!  
Your Friends,  
Mickey & Suzan*
